Remote Learning Policy & Plan

Dear Parents/ Carers

Please find attached our remote learning policy, which contains our personalised Sproatley remote learning plan.

We hope that it answers some of your questions regarding what we will do in the event of needing to isolate.

We are mindful that families have to share resources and that many parents are still expected to work from home. As a result, we have made plans set out in the attached document that will enable your child to have access to education.

In preparation for home learning, parents and children in years 1-6 will receive logins and passwords for the following platforms:

- Google Classroom
- TT Rockstars
- Bug Books

Please ensure that these logins are stored securely at home, so that in the event of remote learning these can be accessed quickly and easily.

What is Tapestry?

Tapestry is the online platform that we use in EYFS to note observations, progress and next steps. It is important that all EYFS families are logged onto tapestry, as this is also the platform that we use for EYFS home learning.

What is Google Classroom?

Google classroom is the learning platform that your child's class teacher will use to set work daily if they are in Y1 upwards. It has a class stream page, which you and your child can use to communicate with the class teacher. It is accessible from school or home, with links to; online learning, PowerPoint presentations, worksheets quizzes etc. All y1-6 children will be set a homework task on Google classroom to put the theory into practice.

We appreciate that this is a new format to our year 1 and year 2 children and in school these children are already being taught how to use it in their IT lessons.

Please be reassured that we are all learning together and any feedback (friendly!) would be appreciated.

Kind Regards
